In order for the Mayor and Council members to have a better understanding of your background and interests, please provide the following information.

Why do you want to serve on a St. Anthony Village Commission?\*

Dear Mayor Stille and members of the St. Anthony Village City Council,

I write to you today asking for your thoughtful consideration to serve on the Parks & Environmental Commission. I truly believe this would be an excellent way to use my previous experience, interest in local government, and background in environmental health to serve our city. I would like to serve on the Commission because I have an interest in carrying on the momentum of sustainability in SAV. In addition, I would like to apply my almost seven years of experience at Ramsey County Environmental Health in a "closer-to-home" manner. I love the idea of helping to support and guide the sustainability work that happens right outside my front door.

I have greatly benefited from the work of others in creating and sustaining a beautiful town, and I hope to contribute to the city in a way that highlights both my interests and experience.

Thank you for your consideration.

**Please list your prior experience serving on a Board, Commission, etc.\***

I have never served on a Board or Commission. However, I have worked as an Environmental Health Specialist at Ramsey County Environmental Health for almost seven years. My work has evolved over time, with responsibilities related to community engagement, climate change and health vulnerability, communications, grant management and planning work. I am well-versed in waste management in the metro area, including general recycling, food scraps collection, household hazardous waste, and reuse and repair (I coordinate the Fix-it Clinic program in Ramsey County). Most recently, I served on the Ramsey County COVID-19 Communications team, where I focused heavily on traditional communications work, such as developing print and web content and managing a monthly newsletter.
