Call to Order:

2024 Long Term Capital budget Plans – Part 1:

Finance Director Deborah Maloney reviewed the memo prepared for Council review describing the short term action items and long term considerations for the Buildings Improvement Fund, Capital Equipment Fund, and the Parks Improvement Fund.

Council asked clarifying questions on the short term action items and offered a suggestion to explore utilizing on-demand water heaters for the parks buildings for energy efficiency so long as they fit the utilization needs of the buildings.

Council also discussed and emphasized that long term considerations around building expansions and extensive renovations, and extensive parks amenity upgrades and changes will need to be carefully considered by the Council, as issuance of debt will be required to fund those in the foreseeable future.

Future Work Sessions:

Next Work Session will be held on October 24th, 2023, at 5:45pm in the Council Chambers.

Adjournment:

The meeting adjourned at 6:30 p.m.

Respectfully submitted by Charlie Yunker, City Manager.
